Executive Principal's Message

Assalamu'Alaikum wa Rahmatullahi wa Barakatuh

Australian Islamic College provides a nurturing and challenging but balanced Islamic learning environment where children enjoy a diversity of opportunities to engage in meaningful learning experiences that ultimately shape their development as well-adjusted, happy and contributing members in the wider community.

Well-qualified, committed and encouraging teachers are dedicated to supporting student growth. Programs are founded in the strongest traditions of learning and embrace the best of contemporary practice and quality teaching. Australian Islamic College continues to thrive in its vibrant, supportive, educational environment. In addition to studies in mandatory key learning areas the school also provides studies in Arabic, Holy Quran and Islamic Studies.

The 2013 schooling year has proven to be exceptionally successful in many ways. I would like to take this opportunity to thank the school community for their commitment during 2013. Congratulations to our students for their fine achievements in the classroom, on the sporting field and their endeavours as students of AIC and citizens of the community.

The school community has got access to additional quality educational resources and much needed space through BER Funding that beautifully complemented the existing infrastructure of the school.

The College was able to build on the educational achievement of students in previous years through its participation in the National Partnership Program. The program has enabled the school to make substantive improvements in student literacy and build sustainable capacity amongst its teaching staff, a school's most important asset, to ensure that the maintenance and provision of literacy intervention for students can continue for years into the future. Well done to all.

I look forward to many more years of success for the Australian Islamic College community as we work together on the task of educating generations of children, the men and women of our future, a process that is of critical importance to their well-being and that of the prosperity of our nation.

Abdullah Khan
Executive Principal

AUSTRALIAN ISLAMIC COLLEGE (KEWDALE)

Our school at a glance

Principal's Foreword

Assalamu' Alaikum Warahmatullahi Wabarakatuhu,

Dear students, staff, Parents and Friends, and community,

In the name of Allah (SWT) most Gracious, most Merciful. All praise be to him.

May the peace and blessings of Allah (SWT) be with our beloved Prophet Mohammad (SWS), his family and his companion and to you all.

Welcome to the new academic year at the AIC Kewdale College of 2013. I warmly welcome everyone to 2013 and greatly appreciate and eagerly anticipate yet another year of outstanding educational achievement and effective learning. I thank everyone, especially parents for their best efforts during 2012.

The College is dedicated to serving the needs of our students. Our mission and goal for 2013 to work hard and achieve best to excel academically and socially and morally. We aim to provide the following this year:

- To improve in all areas.
- We are applying new and exciting educational program that will engage each student according to their previous knowledge and skills.
- Implementing differentiated learning in today's learning structure.
- Applying extensions by providing opportunities at a greater level of challenge to the students.
- Gifted and talented and remedial are catered for, by providing them extension and enrichment opportunities through accelerative practices.
- Opportunities for the overall integral development of each student.
- Better communication with parents, which is why we have the school diary that will provided and allow parents and teachers to communicate more effectively.
- To follow-up with parent concerns.
- New exciting programs and facilities for the improvement of our College

Our multi-cultural school community comprises of early years, primary and secondary students. Alhumdulillah we have been blessed with around 1240 students enrolments and we have a few new staff members. We have very dedicated and committed teachers and staffs who strive to provide a stimulating environment that prepare students to be independent learners. Our curriculum equips students to further their studies at any higher institutions nationally and internationally.

The Australian Islamic College (Kewdale) is committed to 'academic excellence and success in this life and the hereafter.' We combine high scholastic standards with spiritual nurture to enable Islamic students from all cultures and communities to establish their identity as Australians within a democratic society and to develop the knowledge, skills and values for participation as active citizens.

We aim to develop a 'personalised education experience', always encouraging our diverse students to aim for their personal best. Our goal is to instil our graduates with a life-long love of learning and a keen

AUSTRALIAN ISLAMIC COLLEGE (KEWDALE)

Our school at a glance

desire to achieve. In addition to striving for scholastic achievement, morals and values, training and spiritual development are incorporated into the college ethos every day.

From 2000 to 2012 the College community has worked extremely hard to help our students shine in the wider community with impressive results. Due to this we have reflected upon "Teamwork is essential to any progress."

We have participated in many programs such as the Harmony Day, student development programs, inter- and intra - school sports competitions, nationwide public speaking competitions, leadership training and national writing ,reading and mathematics competitions, students representative council program.

With consistent monitoring of our Literacy and Numeracy skills as well as tailoring our programs to suit all levels have brought us excellent results. In particular, we have reason to be proud of our Year 12 students' achievement in WACE exams. Our year 12 Graduation rate in 2012 was 98.8% compared to 2011 98.5%. In 2013 our graduation rate was 100%. Above 95% of 2013 WACE students have obtained their entry for university placement.

This year we are school was selected by the AISWA to participate civic and citizenship test.

In order to cater for all levels, the College has extended the scope of Vocational Education and Training (VET) courses in High School in 4 areas. Students are also involved in Industry based apprenticeship. This year we introduced Gifted & Talented Education (GATE) program for our year 7 and 8 students along with remedial support program. We have also introduced Wood work and Metal work and many more VET courses. We are opened Food and Technology course.

The senior management and teachers have the benefit of ongoing participation in Professional Development programs providing the National Curriculum and other specific learning areas. The National Professional Standard of teaching is maintained and teachers appraise is based on the 7 standard of National Professional Standard of teaching.

This year Alhamdulillah all Primary and high school classes were equipped with Interactive Whiteboards to further improve their ICT integration in all learning areas. Our multipurpose building is now in operation for the year 6 classes, our daily Zuhur prayer, Jum'ah prayers and other events for staff and students. It is also open to the public for any community activities.

The partnership, relationship and support from AISWA, Belmont City Council, Muslim women Support centre, AFL club, Catholic Education, Murdoch University, Curtin University, UWA and Edith Cowan University was exceptional and I have gratefully acknowledge that. Insha'Allah hoping our relationship with wider communities will grow over the coming years.

I would like to thank our amazing parents, teachers, staff, students, College Board, College management team and Parent and Friends Association for their continuous support, suggestions and thoughtful input for 2013.

May Allah (SWT) guide and support us in improving the college's performance and relationship with all parties and make us successful in this life and in the Hereafter.

Nasreen Ahmed
Principal

AUSTRALIAN ISLAMIC COLLEGE (KEWDALE)

Our school at a glance

School progress towards its goals in 2014

The 2013 school priorities were developed from an evaluation of the 2012 priorities.

The 2013 priorities were:

- To continue the professional development of our teaching and senior management staff where they have interest and where they see they have need for Professional learning.. This is ongoing.
- To further the ICT integration into the School (ongoing).
- To improve student's literacy and build sustainable capacity among our teaching staff through the National Partnership Program (ongoing).
- To analyse use NAPLAN data to inform the teachers in English and Mathematics through participation in various Professional Development (ongoing).
- To establish our College's reputation in the wider community through inter-school events.
 - To improve our Year 12 graduation rate to 100 %.
 - To mentor and motivate teachers and give them any support.

Achievements:

- A new Multipurpose Building which will accommodate three Year 6 classes, a community hall and an open learning space.
- Introduction of Design and Technology for Years 7-9 students, Food and Technology, and metal and Wood work.
- New Gifted and Talented classes for Years 7 and 8
- New Remedial Programmes.
- Interactive Whiteboards in all primary and high school classes
- 2 Physical Education and 1 Health Class
- Introduction of more Vocational Education and Training courses
- Focus on differentiated learning and individual educational planning,
- Involving students in more leadership activities
- More training for teachers to cater for the National curriculum.
 - More training for teachers to cater for National curriculum.
 - Teachers appraise through National Standard for Teachers.
 - More support for teachers.
 - Healthy Breakfast
 - Sports carnival
- Increase parent involvement by working with parents/students /teacher teams and the wider community.

Future outlook 2014

- Drastically improving WACE result and graduation rate
- Effective and productive lessons
- Effective implementation of teachers standard
- Integration of values and ICT

AUSTRALIAN ISLAMIC COLLEGE (KEWDALE)

Our school at a glance

- Literacy development in all learning areas
- Improving NAPLAN results
- Continue and improve gifted and talented classes.
- More support to the students in need
- Independent Education Plan for Inclusive Education students.
- More students progress monitoring
- Improving exam papers
- Cross marking
- Moderation of year 12 most of the subjective
- Early intervention with students behavioural and academic problem
- Adjusted and differentiation program
- After hour and weekend classes
- More Physical Education Program
- More Community involvement
- More parent meeting and involvement
- Students social club
- Behaviour
- Stop bullying
- More information session on Drug awareness and training for teachers on Mental Health of students
- Students council from 7-10
- Academic year 12
- Bringing in Social clubs for students as extra curriculum such as: DAWAA, YEAR Book, Fishing, Hifz, Marshal Art, Debating, Public Speaking, Netball, Chess etc
- More emphasis on Art, Food and Technology and Wood and Metal Work.
- Carrier advice
- Study Skill
- Expansion of VET course and certification
- More Teachers Professional learning and VET course training
- Take part in community development such as Australia Clean-up day, Harmony day
- Teaching through ICT facilities
- Parent awareness program
- Motivational talk by past graduates and motivational speakers
- Art, Science, Wood work and metal work Exhibition

How Information and Communication Technologies are used to assist learning:

Since information technology is now an essential skill for university studies and many career paths, at AIC we aim for all our students not just to be computer literate but confident and comfortable with information technology.

In 2013 the AIC challenge was to provide each student with computer access in class. We installed 620 computers at the moment for the students, 2 of which were for Inclusive Education students. Each student now has access to the latest software and programs, enabling a more efficient completion of tasks with their teacher's assistance.

The emphasis on interactivity also makes it very student-friendly lessons which engage children at all levels of academic ability. 'Student-centric' learning means education that empowers students to progress at their own pace. For example, in 'Excel Test Zone' and 'Scootle Learning Paths', Learning Federation Learning path enables students to log in using their credentials and work on Maths and English problems on their own. Tasks and classwork that is not finished at school can be continued at home through Internet access.

Teachers too benefit from the greater efficiency of interactive whiteboards (IWBs). In every classroom in Primary and most of the High school classes were installed with Interactive White Board. This allowed teachers to instantly access information and visual aids, as well as create and save their lessons. Several training sessions were offered to teachers on how to use the Interactive White Boards.

Computer integration at AIC is not just limited to Information Technology subjects. We utilise the

AUSTRALIAN ISLAMIC COLLEGE (KEWDALE)

Our school at a glance

Latest educational software in teaching all learning areas. Diagnostic testing through ICT integration took place in 2013 as well.

Social climate

Our mission statement is to provide an educational environment that is beneficial to the wholesome upbringing of an individual in accordance to the values and tradition of the Islamic faith.

An Islamic spiritual and religious practice is integrated into the education experience on a daily basis and informs the school rules as well as the disciplinary processes.

Our behaviour management policy involves awareness of student rights, expected student behaviour and school rules. These are well-known to staff, students and parents.

Students have a right to be safe and happy at school, to learn, to succeed through effort, to enjoy an environment conducive to learning, and to voice their opinions where appropriate.

Our school at a glance

Students are expected to be respectful of staff, other students and to themselves, to be punctual and prepared for class, to be appropriately dressed, to be honest, co-operative, open to personal development, to ask for help if they need it and to meet consequences of their actions.

Our school rules reflect upon our Islamic educational ethos. We require students to show mutual respect and respect other's properties, are obedient to staff and parents, attend assembly and prayers and to avoid inappropriate sexual interactions of any description. As an aspect of our Islamic faith, it is prohibited for students to use illicit drugs, alcohol or tobacco.

Our child protection policy and bullying policy reflect our commitment to providing a safe

AUSTRALIAN ISLAMIC COLLEGE (KEWDALE)

Our school at a glance

Islamic environment for students and to develop academically, spiritually and socially. We firmly believe that God has given all educational institutions and its leaders the responsibility of protecting all children placed in their care.

As teachers, we have a legal duty of care to our students, and as such we are responsible for being vigilant and sensitive with respect to questions of child abuse. Reporting of suspected child abuse to higher authorities is mandatory for all teachers.

Victims of bullying or students likely to be targeted are given support, and bullies are subject to serious penalties, including cancellation of enrolment. Our strategies to prevent bullying include teacher supervision during recess and lunch (out of sight is out of bounds), participation in Cyber Friendly Schools and Families projects, Parent Education Programmes and ongoing morals and values education.

Our faith teaches us to shun cruelty and violence, and this is the message we constantly reinforce at AIC for the benefit and protection of all our students.

Parent, student and teacher satisfaction with the school

Parents' Comments:

".....Beyond doubt, it's been an outcome of the encouragement and appreciation provided to him by the Islamic College. We thank you & your team.

Being parents, it's always been our goal to promote AIC among our peer groups and such performances by their students makes it easy to spread the school's good name.

The recent changes and drastic steps taken by AIC in terms of taking this institution to another level are noteworthy. Insha'Allah we have no doubt that the time is not far that AIC will be among the leading schools not only in terms of quality education but also in nurturing & supporting students to perform well in all other fields that make up a valuable ingredient of personality."

"I am a parent of the Australian Islamic College Kewdale. As a pleased parent, I would like to state some positive points about my son's school.

AIC is one of the best Islamic schools in WA. It is positive to children and has zero tolerance to bullying. My son's class teacher is great and she often communicates well with me. She is readily available to speak with any parent who has any concerns.

As a parent I am very happy with the Islamic values and belief instilled in the children on a daily basis. Also, I feel assured that I am sending my child to a safe and secure environment. The staff and teachers at AIC do their best to teach, discipline children and strongly encourage the Islamic faith, behaviour and ethos. It provides a safe environment, effective teaching and creates a solid foundation of the Islamic structure.

Although the school have many different types of background, it tries to cater for all of them. Most of the letters I receive from my son provides different other translations attached to it. As a multicultural school, my son feels free to express his feelings and actions.

AUSTRALIAN ISLAMIC COLLEGE (KEWDALE)

Our school at a glance

AIC provides sports activities for children which is very good for improving their physical and mental well-being. My son would remind me when his sport day is coming and would organise himself in preparing for that day.

I would wake my son up for school effortlessly. That tells me that he is willing to go to school with a happy heart.

Anonymous Parent

Gratefulness is important for generating and sustaining happiness. I am so grateful to the AIC for the way they taught my son. On one hand AIC teaches Western educational system which has been successful in developing skills and preparing students for a market based economy. On the other hand, it also equips students with the ethnics and Islamic Values for a sustainable development.

AIC is equipped with excellent teachers who can deliver quality education. The Kewdale school Principal is truly working with dedication for keeping the school environment in a harmonious and peaceful way.

Mahmood Hazan Khan (father of Toran Khan)

Teacher's Comments:

".....One of the major aspects of AIC is its focus on religious teaching and learning. Students attend religious classes on a regular basis. This helps them to learn and practice Islam and its values.

AIC provides state of the art teaching and learning technologies in all classes. For example, smart-boards, computers are readily available to use by students and teachers. Use of these technologies enhances students learning.

Australian Islamic College is very rich in cultural diversity. Students come from various countries and cultures. Teaching and non-teaching staffs are also from many cultural backgrounds. A harmonious environment thus exists in the college for teaching and learning. AIC respects all cultures equally. Every Year College organizes harmony day. On this day students and staff represent their culture via food and costumes

AIC provides state of the art teaching and learning technologies in all classes. For example, smart-boards, computers are readily available to use by students and teachers. Use of these technologies enhances students learning.

Finally, AIC Kewdale administration headed by the Executive-Principal and college Principal work tirelessly for the betterment of the college. AIC truly works like a family. I am proud to be part of the AIC family. "

(Anonymous)

Samantha Wright (Phys Ed Teacher, AIC)

"Our Principal of Kewdale has always created a positive workplace by knowing her staff and letting us get to know her. She always has an open door policy and has always made sure I am comfortable coming to talk to her about any issue I have but also made me confident she is there to help. I have a lot of faith in her leadership skills and she is consistently looking for ways to improve our school. I feel our school is improving in our student well-being as well as academically and I am excited for the future."

Sam

Student Comments:

“Coming from the Dianella campus, with a small, family-like environment to a more broad, sophisticated and competitive atmosphere of the Kewdale campus; has exposed me to a variety of different skills and ways of being independent. The hospitable ambiance, modern facilities, advanced teaching methods and the caring, talented teachers and administration is what mesmerized me. I have learnt to be a better Muslim, a good law-abiding citizen and being able to excel in the fields of science and technology. I am grateful and feel privileged to have attended this school as I received world class education.”

Fatimah Payman

Year 12 Graduate, 2013

“Australian Islamic College Kewdale in 2013 has changed its approach to learning significantly. The staff are more focused and their methods are stricter which contrary to popular belief outside. Actually this is improving school atmosphere and learning. The facilities at AIC has improved drastically with all classrooms now with IWB and air-conditioning. Teachers have been working hard and spending extra time before and after school with extra classes for many subjects. Other opportunities the school contributes to the students’ welfare include: visit from special guest such as UWA to speak to students about career choices, lectures to teach the students correct method of studying and achieving high WACE and ATAR. The Australian Islamic College Kewdale has shown improvements in all areas and it will continue Insha’Allah with everyone’s support.”

Khadija, Year 11 student, 2013

Involving parents in their child’s education

Involving parents in their child’s education

We welcome and encourage appropriate parent volunteering and involvement with the College. On special occasions such as Open Day, Graduations and sports events, parents are given an opportunity to appreciate their children’s achievements.

Parents are most welcome to attend and participate in religious occasions. End of each term we will organise a parent teacher meeting. Any requests for parent meeting is welcome and meeting is regularly organised. We also invite parents to important information sessions such as the Year 10, and 11 subject selection and year 12 progress meeting.

We also offer support and advice about behavioural issues to parents, and enlist parental support to address any unusual problems of behaviour or learning that may arise.

During the school year our teachers help to establish fruitful parent/teacher relations with

AUSTRALIAN ISLAMIC COLLEGE (KEWDALE)

Our school at a glance

Parent Information Sessions. During these sessions we aim to maximize co-operative relationships with parents/guardians, to increase awareness of academic and behavioural expectations, to prepare parents for what their children will be encountering at school, and to listen to parental concerns where relevant.

Description of how non-attendance is managed by the school

Non-attendance is managed by AIC in line with the DES policies.

Non-attendance is managed by AIC in line with the Department of Education Services policies.

We identify students with potential attendance problems by monitoring our Student Absentee list on a weekly basis. Students with an attendance level that is regularly lower than 90% are targeted by our attendance intervention strategy.

Every day the absentees are entered into the AIC Info System. High School teachers enter attendance for each lesson. Primary School teachers enter their attendance for students twice daily: 9:30am and 12:30 noon.

Parents of children that are away for the first three periods are contacted using our SMS

Performance of our students

Broadcast Website. SMS replies from parents are also downloaded and printed. The information is put into the absentee system via the “Absentees Report” button under “Daily Follow-up”. Parents without a mobile contact number are contacted on their landline at work or home and their responses are also recorded under “Daily Follow Up.”

2013 NAPLAN RESULT

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the MySchool link above. You will then be taken to the *My School* website with the following ‘Find a school’ text box.

The image shows a search interface titled "Find a school". It contains two main search sections. The first section is "Search by school name", which includes a text input field and a circular orange "GO" button. The second section is "Search by suburb, town or postcode", which includes a text input field, a "Sector" label with two radio button options: "Government" and "Non-government", and a rectangular orange "SEARCH" button.

Where it says ‘Search by school name’, type in the name of the school whose NAPLAN results you wish to view, and select <GO>’.

Read and follow the instructions on the next screen; you will be asked to accept the Terms of Use and Privacy Policy before being able to access NAPLAN data.

If you are unable to access the internet, please contact the school for a paper copy of our school’s NAPLAN results.
