### **Community Release**

Three senior members of the Australian Islamic College of Perth appeared in the Perth Magistrate's Court earlier today charged with a variety of fraud charges relating to State and Commonwealth Education funding subsidies.

All charges will be vigorously defended and we are confident that all men will be vindicated.

The men have at all times acted in good faith and in the best interests of the Australian Islamic College.

All men have endeavored to comply with all relevant regulations relating to school funding to the best of their ability.

It is emphasized that there is no suggestion of any personal financial gain by any of the men. All monies received by way of grants have been spent for school purposes only.

The men refuted any insinuation of claims within the media of "ghost" students.

The men maintain their commitment towards striving to fulfill the aims and philosophy of the Australian Islamic College as they have always done.

They are thankful for the continued trust and support of their community.
